Form & Function

'Innovative and Unique Design making it a Doorstop like no other'

- Modern design & available in multiple finishes suitable for the home or office.

- Unique disc shape that it is both easy to correctly position & relocate unlike traditional door stops & wedges.

- Environmentally friendly but also non-harmful to children and even man's best friend won't be able to pick it up!

SGLOCK & SECURITY

Anti-Slip

'Patented all surface adhesive technology'

- Specially formulated Neoprene base that is extremely resistant to movement on multiple surfaces.

- The non-slip matting on the reverse side works on carpets, tiles and wooden floors.

REDEFINING SAFE OPENING

Modern protection at home and in the office at an affordable price - new electronic lock provides the higest level of convenience.

SGLOCK & SECURITY

PURE-SAFE

The benchmark in its class

SECURE & MODERN THE NEW PURE-SAFE COMBINES THE MOST IMPORTANT
FEATURES EXPECTED OF A QUALITY SAFE OF THIS CLASS.

A growing number of people are opting for the additional security of a safe. Ideal for locking away watches, jewelery, cash, cards and ID documents before leaving the house. The new Pure-Safe safes offer a good level of protection at an extremely attractive price. The Pure-Safe has some very unique features.

For example, the convenient automatic door opening by motorised bolts on all models with an electronic lock. The new control panel is flush-mounted in the door and operates with absolute precision. There is something to suit everyone among the models - including those with a conventional key lock.

Solid protection. All Pure-Safe models offer a robust level of security. The door is double-walled, the locking bolts are reinforced and the body has protection against drilling. After all, security counts!

Automatic door opening. The Pure-Safe motorised bolts open the door automatically by simply entering the code. Valuables can then be conveniently placed inside or removed - a real benefit!

Modern & Clear Design

✓ Flush-mounted electronic lock with Key override

✓ Haptic feedback when a button is pressed

✓ Clear display with precise indication

M-BT
ADVANCED

Art ID: **M-BT-ADV**

PRODUCT DESCRIPTION

JMA Art. M-BT-ADV Advance Duplicating remote

This new and improved version of the M-BT comes with a greater signal strength improving operating distance and an expanded compatibility range with more FIXED and ROLLING code remotes currently available on the market.

Capable of cloning and duplicating a wide range of FIXED and ROLLING code remotes.

Using the JMA REMOTES PRO phone App, you can generate and copy remotes via Bluetooth.

Capable of integrating codes for 4 different original remotes on 1 device

PRODUCT SPECIFICATION

- 4-Buttons (each programmable to a different remote)
- Frequency: 433 – 868 Mhz
- Fixed Code or Rolling Code: Both Fixed and Rolling
- Programming Method: Peer to Peer or via Dedicated App
- Battery Type: Coin Battery (CR2032)

NEW

\ POS Display stand

WOLFLOK

THE WORLD'S MOST SECURE PUSH-BUTTON KEY SAFE

The world's first and only mechanical key safe to achieve the LPS1175 Issue 8 A10 - B1 security ratings from Loss Prevention Certification Board, making it the best key safe in its class, featuring specialist anti-saw pins. WOLFLOK is also built to Police Preferred specification by 'Secured by Design'

WORLD-FIRST MULTI-PUSH KEYPAD

Picking a memorable code has never been easier.
Use the same button up to 4 times and choose from over 9.7 million secure code combinations thanks to the world-first multi-push technology. No other mechanical key safe comes close.

'OVER 9.7M CODE COMBINATIONS'

ILLUMINATED BUTTONS

Enjoy effortless access, day or night. The large, easy press buttons are backlit by the all-new patented illumination module allowing 24-hour visibility.

The inner compartment is also lit up by an LED.

STORAGE

Suitable for most Commercial or Domestic keys including Mortice keys & Access cards or fobs

Key Storage Capacity
Up to 6

960071	'WOLFLOK PRO' - Maximum Security Key Safe (B1 Rating)

** 'LPS' is the abbreviation for Loss Prevention Standard and 'LPS1175' is just one of many standards created by the Loss Prevention Certification Board. LPS1175 specifically focuses on the intruder resistance and security of doors.

WELCOME TO THE TEAM

We would like to welcome Steven Signorini to the team at SGLOCKS as our QLD Sales Manager.

Steve brings over 10 years experience as a qualified Locksmith specialising in Commercial, Residential & Automotive. As well as a keen eye for detail Steve has a passion for most sports in particular motorsport and NRL. Steven has raced competitively in Motocross since he was 14 years old throughout the state.

For our QLD customers if you haven't already, you will be hearing from Steve shortly.
