SGLOCK & SECURITY

SG Lock & Security is a wholesale distribution company with over 70 years experience. Innovation is what drives us. We distribute throughout Australia and New Zealand an expansive range of traditional and modern security products sourced both internationally and locally.

Our company is defined by our 3 Core Values:
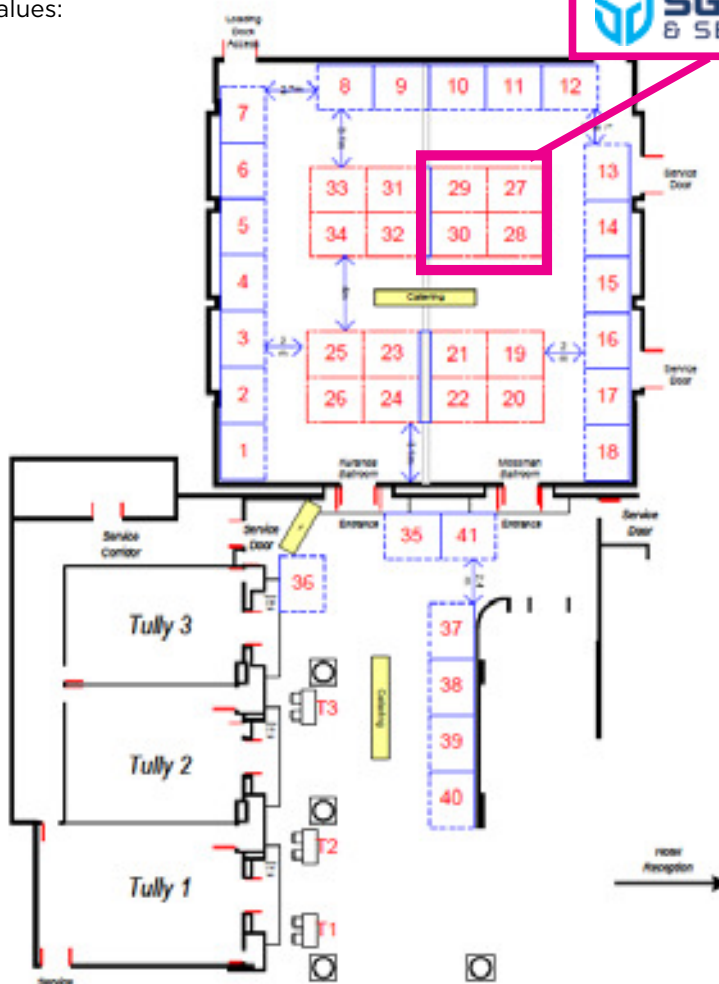

Customer Service & Satisfaction
Our customers are our partners and our goal is to provide the best possible service and customer satisfaction

Quality & Value
We supply products that are high quality while at the same time offering great value.

Innovation
We are small enough to listen to our customers and large enough to deliver better solutions for their businesses.

ALWAYS THE SAFE CHOICE!

In Wetter-Volmarstein, the ancestral home of BURG-WÄCHTER, skilled craftsmen were building locks in the protection of Volmarstein Castle in 1750.
This castle is the unmistakable trademark of BURG-WÄCHTER and symbolises quality, security and innovation

BURG-WÄCHTER is a 4th Generation Family-Owned private business, with nearly 800 employees.

Operating under the slogan "Always the Safe Choice", BURG-WÄCHTER offers over 3000 high quality products including:
Safes, Locks & Bolts, Cash Boxes, Key Cabinets, Electronic Smart Home Locking Systems & Smart Home Devices plus many more.

BURG-WÄCHTER have a prime market-leading position in worldwide production and distribution with facilities in Germany, Romania and China.

BURG-WÄCHTER products frequently receive awards and accolades for their state-of-the-art technology and design.

Their first class knowledge and experience is not only passed from generation to generation but is also shared with their partners across the world.

This ever-expanding knowhow ensures that people all over the world trust the BURG-WÄCHTER brand.

We are excited to have Michael Gemmeke from BURG-WÄCHTER once again travelling to Australia for the 2023 MLAA Conference as a guest of exhibitor and trade member SG Lock & Security.

Michael has been a proud member of the BURG-WÄCHTER team since 1992 as the Sales Manager for the companies Export Division.

Michael has been working with the SG Lock & Security team for over 2 decades and is one of their most valued and longest standing partners in the business.

"I am happy to say that I have been working closely and successfully with SIEPER Group for over 20 years and it has proven to be an exemplary partnership." – Michael Gemmeke

Opening the future

About JMA

JMA is a premium brand in the global locksmithing market. Their history has been defined by experience and innovation for over 80 years.

The family owned business was established in 1942 in Mondragón, Spain and became a major key manufacturing business during its first generation.

JMA grew significantly and become a nationally recognized brand during the 1960s and 1970s. Constant growth in key production naturally led to the international expansion of JMA and the creation of new product lines.

Today JMA sells its products in over 100 countries, and the JMA brand has a dozen commercial branches in Europe, America, Africa and Asia, as well as production plants in both Europe and America.

JMA currently manufactures more than 2,500,000 keys per day, and it has an extensive catalogue with over 80,000 different items spread over all its product lines:

Domestic and car keys
Transponder technology for car key duplication
Remote controls for garages doors and gates
Key and access point control duplicators

This extensive range has enabled JMA to position itself as a premium international provider of global security solutions. It is a brand that looks to the future by incorporating the latest technologies into its products while always meeting the needs of the market.

We are pleased to have Mr. Andoni Altube from JMA travelling again to attend the 2023 MLAA conference as one of our honoured guests.

Andoni holds a BA Honours Degree in Business Administration & Enterprise from the University of Central England and a master's degree in marketing from the UMIST University of Manchester in the UK.

He started with the JMA Export Team back in 1998 and is now one of JMA's most senior & experienced Export Area Managers, he has been a driving force in JMA's international success.

Andoni has regularly travelled to Australia to better understand the market over the past few years. One such trip Andoni helped bring the JMA Nomad Key Machine to the market. Citing Australian customer feedback as the single most important driver to its inception. The same applies to products such as the Multicode Electronic machine and the JMA Remotes, where the information gathered in-place was crucial for their tailor-made development for the Australian market.

ORIGINAL LISHI was founded in the early 2000's.

Mr. Li the founder of these tools invented them in response to the needs of his locksmith friends and trainees.

ORIGINAL LISHI has grown from its humble origins to now be a large worldwide enterprise.

ORIGINAL LISHI is at the forefront of Automotive Lock Picking and Decoding technology, and more recently **ORIGINAL LISHI** have developed the LISHI Domestic Pick Range that has transformed the Locksmith Industry, Lock Picking Best Practices.

ORIGINAL LISHI have an extremely High Quality control and manufacturing processes to help ensure that each **ORIGINAL LISHI**Tools withstand the rigors of daily use and still provides years of service.

ORIGINAL LISHI Tools are guaranteed to do what they are designed to do!

Mr. Li
Designer, Inventor & Manufacturer

Founded in 2010, XHORSE is a rapidly growing technology company providing automotive security products and solutions.

Based in China they develop and produce all their products in house and are constantly researching and developing new and improved solutions for the automotive security market.

Their Key Tool Max has made waves here in Australia with its portability, functional design and universal Super Chip transponder that makes chip cloning a far more streamlined process whilst also reducing stock holdings.

KEY TOOL MAX - *PRO*

ART NO. **KTM-PRO**

PRODUCT DESCRIPTION

The Key Tool Max Pro is a very Powerful & Completely Stand-Alone Remote/Transponder Machine.

This new variation includes an OBDII cable, eliminating the need to puchase the XHORSE M-OBD Dongle.

It also includes Battery test probes for testing voltage on a vehicles battery or the battery of a remote.

All existing purchased hardware like 8A Cable etc. can be combined with the new PRO version for existing KTM users that wish to upgrade.

ART NO. **KTM-PRO**

SCAN TO SEE THE KTM-PRO IN ACTION

KEY TOOL PLUS - *ESSENTIAL*

ART NO. **KT-PLUS-ES**

PRODUCT DESCRIPTION

The KEY TOOL PLUS - Essential is a great option for those wanting to upgrade there KTM whilst gaining much more expanded funtionality.

This variation we offer contains the most important & most needed core features for Locksmiths Day-to-day use.

The Essential tablet can be upgraded to the full version at anytime by purchasing the software upgrade.

By excluding the more Niche software components we are able to offer the KEY TOOL PLUS -Essential at a special entry level price point for those continuing their XHORSE Journey!

And our support staff look forward to the ability to assist via Teamviewer, included on the KT-PLUS-ES

Remote Generation
- Generate Remotes that are separate to the Transponder.
- Generate Remotes that are integrated with the Transponder.
- Generate Smart/Proximity Keys.
- Transponder Cloning & Generation

Cloning Compatibilty
- Texas Crypto DST+ - H key Clone
- Megamos Crypto - 8C
- Fixed Code - ID11, 12, 33, 40, 41, 42, 43, 44
- Texas Fixed - 4C
- Megamos Crypto - 8E
- Texas Crypto - 4D - (ID60- 71)

- Philips Crypto - ID46
- Philips Crypto 2 - ID47,49 (Clone some)
- Megamos Crypto - ID48 (96 bit)
+ Advanced Transponder editing function

OBD Programming (Essentials version)
KEY TOOL PLUS supports over 20,000 car models worldwide. Easily select the car brands and car models on the immo programming interface by manufacturer name or A-Z word search.

* NOTE- BMW, MERCEDES & VW are not included in Essentials version

ART NO. **KT-PLUS-ES**

Immo Data Tool
For some cars, key programming cannot be achieved via OBD.

KEY TOOL PLUS comes with this utility to create a transponder from the vehicles eeprom file.

Use your existing eeprom reader to read the immo data, then use KEY TOOL Plus to generate an emulated transponder (XHSUP) from the file that will start the vehicle.

Hardware Technical Information:
- CPU: 8-core 2GHz
- RAM+ROM: 4G+128G
- Operation System: Android 9.0
- Screen Size: 10.1» HD Anti-glare; Anti-fingerprint. Super 10.1» anti-glare display enables top operation experience.
- Rear HD Camera: 13.0MP. The 13MP rear camera is designed to fit in multiple scenarios perfectly.
- Battery Capacity: 10000mAh. Long battery life and PD3.0 fast charge help keep you productive throughout your day.
- Charging: 30W Super Fast Charge
- Bluetooth: 5.0 Bluetooth
- WIFI: 2.4G/5G

ML20
Restricted Key System

"A great opportunity to support your Association"

The latest Restricted Key System developed for the Master Locksmiths Association of Australasia (MLAA) and proudly supplied by SG Lock & Security.

Designed by the best in the industry with a superior key profile design that ensures the key clamps & cuts correctly and is one of the hardest inline restricted systems to manipulate on the market.

With 4 different key profiles, a massive range of 52 different barrels and a 10-year design registration on ALL 4 Key Profiles (A, B, C & M) you can provide your customer with a TRUE 10-year registration on a multi-profile site.

Design Registration until 2030

Design Registration provides legal protection against unauthorised key duplication/production.

MLAA Trusted & Recognised Key Head

Nickel Silver - for strength!

High quality Nickel Silver keys, extremely strong and durable.

Precision colour inserts for easy identification.
ML20

Customer Testimonial

"As an organisation, we have been very impressed with the ML20 keying platform.
The barrel range is more than ample and the assembled product works perfectly in all the housing brands (oval & night latch) that we have tried.
The ability to acquire short-run key blanks is an added feature that we've not had available from any other keying platform before.
This provides us reassurance that when we need to use another of the keyways, we can achieve this with short run blanks until our coined blanks arrive.
SG Locks have done a superb job in bringing this MLAA branded product to the market
Thank you to the whole team! "

- CLASS LOCKSMITHS

Multiple Profiles (A, B, C & M) Available NOW

Caters for large multi-profile sites.

Design & create systems with expansion from the very start.
A, B, C & M profiles all available
Range of 52 Different Barrels

Complete range of barrels to suit all common locks.
Note: 13 different barrels in A, B, C & M Profiles.

Superior Key Design

The key profile design ensures accurate clamping & cutting every time. ML20's intricate profile designs also ensure it is one of the hardest inline restricted systems to manipulate.
