# STATE COMPETITION WINNERS ROADSHOW '24

**ORIGINAL  
LISHI TOOLS**

## DOMESTIC LOCK PICKING COMPETITION

Winner in each state received an ORIGINAL LISHI 6pc. Domestic Pick Kit \$595.00

With the support of our partner ORIGINAL LISHI the SG Team was able to run a new competition in each state on the MLA Australasian Roadshow over Feb/March.

This initiative promoted the training, development and then ultimately a state based ORIGINAL LISHI Picking competition.

The ORIGINAL LISHI domestic lock picking competition came to life at the MLAA Cairns Expo last year on the SG stand & was a huge success.

This new state based competition involved entrants picking 3x locks & recording a time for each lock opening. The times for each of the 3-locks were then added together to give an overall time for each participant. The times & champions are listed below.

### STATE COMPETITION WINNERS 24'

1. **SA** : Jessie ( Valley Locksmith) **0.07** seconds
2. **VIC**: Luke (SW Locksmiths) **0.13** seconds
3. **ACT**: Jason (ASI Locksmiths) **0.38** Seconds
4. **QLD**: Matt (Rivercity Locksmiths) **0.52** Seconds
5. **NSW**: Andoni (St George Locksmiths) **0.52** Seconds
6. **WA**: Rob (Horizon Locksmiths) **1.01** seconds

Over \$4k+ worth of prizes have been allocated to these Trade events with each winner walking away with a much coveted Domestic 6Pce Pick Kit

This prize was presented to the winner at each state on the night.

When SG & ORIGINAL LISHI began working together to develop the Domestic LISHI picks for the Australian market, they never dreamt that we would see picking times as low as 2 seconds.

We would like to thank all of the participants & spectators that came along to support this event & we look forward to running this initiative & our new favorite LOCKSMITH Sport again in New Zealand in May.

### M-BT-ADVANCED

Advanced **DUPLICATING REMOTE**  
- for Fixed & Rolling Code Remotes

**NEW**

Art ID: M-BT-ADV

REPLACES

M-BT

#### PRODUCT DESCRIPTION

This new and improved version of the M-BT comes with a greater signal strength improving operating distance and an expanded compatibility range with more FIXED and ROLLING code remotes currently available on the market.

The M-BT-ADVANCED remote control duplicates 95% of Fixed code remotes and more than 40 rolling code brands using the latest Cutting Edge mobile technology.

The M-BT-ADVANCED Remote can integrate up to 4x different remotes to the 1 remote

Using the JMA REMOTES PRO phone App, you can identify, generate and copy remotes via Bluetooth.

Capable of integrating codes for 4 different original remotes on 1 device

When integrated with the JMA REMOTES PRO APP it is possible to generate an aftermarket remote for many of the popular brands that can be introduced to the Receiver

#### PRODUCT SPECIFICATION

- 4-Buttons (each programmable to a different remote)
- Frequency: 433 - 868 Mhz
- Fixed Code or Rolling Code: Both Fixed and Rolling
- Programming Method: Peer to Peer or via Dedicated App
- Battery Type: Coin Battery (CR2032)

## SMART KEYPAD - Wide - With Fingerscan

### IP67 Rating

IP67 rating means this Keypad can be installed in most applications.

#### PRODUCT DESCRIPTION

LOCKTON 'E-Series' Wide Smart Keypad with Fingerprint, Digital PIN Code, RFID Tag and Mobile App Functionality

- The stand-alone design and ease of installation will open more opportunities on job sites
- This Smart Keypad comes with a built-in single door controller, saving costs on material, labour and additional components
- Designed with a market standard footprint to upgrade smart functionality on existing Keypads and readers
- Compatible with the majority of electric strikes, maglocks and other access control mediums on the market
- IP67 Rating on Keypad means it can be installed in almost any application
- Easily use and manage the keypad via TTLOCK Phone App. Open the Lock, Add Users, Issue Temporary Codes and lots more
- More Smart Keypads / Doors can be added using the TTLock platform
- Add up to 2600 x Users
- Fingerprint sensing area is ergonomically located at the top of the keypad to naturally read a thumb print for quick entry
- Optional G2 & G3 Gateway accessories allow for remote access and control of lock via internet

#### PRODUCT SPECIFICATION

- Finish: Grey Body with Black Keypad & Sensing Areas
- Dimensions (W x H x D): 80 x 126 x 19mm
- Supporting Systems: Android 4.3 / iOS 7.0 & Above
- Stand-by Current: 28mA
- Operating Current: ≈ 1A
- Power Supply: DC 12V
- IP Rating: IP67
- RFID Tag Capacity: 2000
- PIN Code Capacity: 500
- Fingerprint Capacity: 100
- Bluetooth E-keys: Unlimited

#### Supplied with:

- 1 x Installation Pack (4 x Screws, 4 x Wall Plugs & 1 x Allen Key)
- 1 x Instruction Manual
- 2 x LOCKTON E-Series RFID Tags

## TABLE BELT SANDER (TB-50)

### PRODUCT DESCRIPTION

PROXXON Table Band Sander - The smallest and finest in the world! For fine sanding work and most minute correction.

Sands long edges, end sections, radii, mitres, and, by turning the workpiece over accurate flat surfaces at right angles. Dust-free, clean working due to highly effective extraction.

Used on soft and hard woods, non-ferrous metals, steel, plastics (perspex and PC cards) and cork. Powerful drive thanks to balanced DC-motor.

Easy replacement of bands without need for tools as rollers are under spring tension.

Fine adjustment of rollers prevents the belt from lateral roll-off.

The compact and light design allows stowing away easily after work is done. Equipped with suction channel with adapter to connect a vacuum cleaner.

### PRODUCT SPECIFICATION

- Power: 230 Volt / 50-60Hz
- Sanding Speed: 400m/min
- Belt Dimensions: 50 x 533mm
- Machine Dimensions: 250 x 200 x 250mm
- Weight: Approx. 5kg
